## Owner 4

Personal Vehicle

Purchased: 2014

Date	Mileage	Source	Comments
------	---------	--------	----------

04/02/2014	74,485	Hawaii Motor Vehicle Dept. JBPHH, HI Title #RJJ53914	<b>Title or registration issued</b> - New owner reported - Loan or lien reported - Vehicle color noted as Silver
06/20/2014		General Motors	<b>Manufacturer Safety recall issued</b> - NHTSA #14V224 - Recall #N140152 - TRANSMISSION SHIFT CABLE FRACTURE - Status: Remedy Available  Locate an authorized <a href="#">General Motors dealer</a> to obtain more information about this recall.  - <a href="#">Learn more about this recall</a>
<p><b>Description:</b> General Motors has decided that a defect which relates to motor vehicle safety exists in 2004-2008 MY Chevrolet Malibu (GMX380) and 2005-2008 MY Pontiac G6 with 4-speed transmissions (MN5); except for vehicles already repaired under safety recall 12106 12V-460 with labor code V2671 or V2672 and 2007 and some 2008 MY Saturn AURA vehicles equipped with a 4-speed automatic transmission (ME7/MN5). These vehicles have a condition in which the transmission shift cable may fracture at any time.</p> <p>When the fracture occurs, the driver may not be able to select a different gear or place the transmission in park. If the driver cannot place the vehicle in park, and exits the vehicle without applying the park brake, the vehicle could roll away and a crash could occur without prior warning.</p> <p><b>Remedy:</b> Dealers are to inspect the shift cable assembly, and install a shift cable clamshell, or replace the shift cable with a new cable kit and new bracket if necessary, free of charge.</p>			
08/19/2014		General Motors	<b>Manufacturer Safety recall issued</b> - NHTSA #14V252 - Recall #N130036 - BRAKE LAMP MALFUNCTION - Status: Remedy Available  Locate an authorized <a href="#">General Motors dealer</a> to obtain more information about this recall.  - <a href="#">Learn more about this recall</a>
<p><b>Description:</b> General Motors has decided that a defect which relates to motor vehicle safety exists in 2004-2012 Malibu, 2004-2007 Malibu Maxx, 2005-2010 Pontiac G6, 2007-2010 Saturn Aura vehicles. On these vehicles, over time an increased resistance can develop in the Body Control Module (BCM) connection system and result in voltage fluctuations or intermittency in the Brake Apply Sensor (BAS) circuit that can cause service brake lamp malfunction. As a result, the service brake lamps may illuminate when the service brakes are not being applied, or may not illuminate when the service brakes are being applied. Additionally, cruise control may not engage. If cruise control is engaged, additional service brake pedal travel may be required to disengage it. Service brake pedal application may not be required to move the shift lever out of PARK, or additional service brake pedal travel may be required to move the shift lever out of PARK. Traction control, electronic stability control, and panic braking assist features, if equipped, may be disabled. Service ESC and/or Traction Control tell-tales may illuminate with this condition.</p> <p>These conditions may increase the risk of a crash.</p> <p><b>Remedy:</b> Dealers are to attach the wiring harness to the BCM with a spacer, apply dielectric lubricant to both the BCM and harness connector and on the BAS and harness connector, and relearn the brake pedal home position free of charge.</p>			
08/11/2015		Hawaii Motor Vehicle Dept. JBPHH, HI Title #RJJ53914	<b>Title or registration issued</b> - Loan or lien reported - Vehicle color noted as Silver
01/10/2017		Hawaii Motor Vehicle Dept. Honolulu, HI Title #RJJ53914	<b>Title issued or updated</b> - Title or registration issued - Loan or lien reported - Registration updated when owner moved the vehicle to a new location - Vehicle color noted as Silver
02/23/2017		Hawaii Motor Vehicle Dept. Honolulu, HI Title #RJJ53914	<b>Registration issued or renewed</b> - Loan or lien reported - Vehicle color noted as Silver

## **CARFAX** Glossary

### **First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### **Manufacturer Recall**

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

### **New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### **Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### **Rental**

Vehicle was registered by a rental agency.

### **Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
