

WHY TEKSYSTEMS

At TEKsystems Honolulu, a team of approximately **15** individuals works to help you achieve your career goals.

- **Our recruiters** seek to understand your skills, goals and interests so we can match you with the right positions and present you with consistent employment opportunities
- **Our account managers** identify opportunities with more than **40** local clients and market your resume directly to hiring managers
- **Our field support** staff provides you with benefits and reliable payroll services

OUR COMMITMENT

We are committed to fostering your professional development and helping you to remain consistently employed on engagements you find stimulating and rewarding.

TEKsystems consultants gain a multitude of exciting career opportunities thanks to our relationships with hiring managers at a variety of successful companies in the local market. Last year alone, more than **125** local consultants trusted TEKsystems to facilitate their next career move.

Our proprietary Consultant Placement Process<sup>SM</sup> enables us to successfully advance consultant careers. Through each of its five stages, TEKsystems partners with you to forge a long-term relationship built on trust and dedication to help you achieve your personal and professional goals.
